

Dear People of the World,

I, John Bildeck, am declaring myself emperor of the planet Earth. This decision comes as my company, Mergoth Industries Inc., is under fire by the COMMIE government led by far-left lunatic Donald Trump for "murdering Journalists critical of my business practices."

This is an outrageous Marxist, Stupid, Bolshevik, Commie, Terrible, Radical, Violent, Freedom-hating, Satanic, Evil, and socialist decision to prosecute my company and fine it \$20,000 dollars. This is a corruption of justice, as I am a great, American, Job-creator. In fact, I created hundreds of jobs hiring assassins, "political advisors," Union-busters, and under-minimum wage paid laborers working TOTALLY SAFE conditions. Then, might as well make me pay taxes!

... how do you make yourself the emperor?

What do you do? when and where?

Good why though
